DEPARTMENT RECEIVES GRANT FROM ALOCHOLIC BEVERAGE CONTROL

July 7, 2008

From: Officer Destry Henderson

For further information contact Officer Destry Henderson or Sergeant Kevin Odom.

For the fiscal year of 2008/2009 the Lakeport Police Department received a grant from the California Department of Alcoholic Beverage Control (ABC). The grant will provide funds to purchase equipment, conduct enforcement operations, and to provide education to alcohol licensed businesses and their employees. Businesses will be notified of the training via local radio and press releases of upcoming training dates and locations.

The Department plans to conduct several enforcement operations in future months. The goal of the grant is to reduce the overall impact alcohol related violations have in the community, especially minors.
