

Step 1 – Develop a Business Plan

The first step to starting a business is a business plan. A plan will help evaluate your idea, estimate cost and determine the strengths and weaknesses of your proposal.

Step 3 – Structure Your Business

It is important to determine the structure of your business for operating and reporting purposes. Will you operate your business as a sole proprietor, partnership (two or more owners), or corporation (one or more stockholders or officers)? If you are a sole proprietor, no formation documents are required to be filed with the Secretary of State. It is optional for partnerships to file with the State. If you are starting a corporation, a Limited Liability Company (LLC), or a Limited Partnership (LP), you must contact the Secretary of State. They can supply you with the information and forms you will need. Even if you believe your business is exempt, you must register with the City. If you are a nonprofit organization interested in applying for 501(c)(3) status, you must contact the California Secretary of State and the IRS.

WHO TO CONTACT:

Step 4 – Register a Fictitious Name

If you will be registering your business using a name that is different from your own legal name, such as Doing Business As (DBA), you will need to register the business name with Lake County. This step needs to be completed before obtaining a Business License from the City of Lakeport. Also, public notices announcing your new business name must be posted once per week for four weeks in the local newspaper.

Step 5 – Apply for a City of Lakeport Business License

The Business License fee varies depending on the type of business. Home-based businesses are also required to apply for a Home Occupation Permit. The Home Occupation Permit fee is a one-time fee. In addition, businesses located outside the City limits of Lakeport but doing business in the City of Lakeport (such as vendors, consultants and contractors) are required to apply and pay for a business license.
